Get Full Text Research

Partner Media Kit

April 2021

Overview

[Get Full Text Research \(GetFTR\)](#) is a new solution that enables faster access for researchers to the published journal articles they need. It is free to use for the research community, libraries, and integrators and operates on a tiered pricing structure for publishers. Built on trusted technology to work on and off-campus, GetFTR integrates with online research services and discovery platforms to provide direct, authenticated links to the most up to date and best version of the journal article, both on- and off-campus.

More detail and FAQs are available here: www.getfulltextresearch.com.

Brand Guidelines and Logos

- [Marketing Brand Guidelines](#)
- Logo files are available to download [here](#)
- [Infographic](#)

We recommend including the GetFTR logo in your messaging, if possible. You are also welcome to use the infographic in your messaging around our partnership if desired.

Please provide official logo and company description to GetFTR Comms Team. *This will be used for any official outreach and to add to the rolling partner carousel on the website. If you would prefer for your logo not to be used in this way, you can let the Comms Team know.*

Content Recommendations

- Press Release ([template here](#))
 - The GetFTR comms team will distribute a release to announce your partnership. Please feel free to also do the same. The Comms Team would be happy to support where appropriate.
- Blog posts on publisher site (if applicable; we can also publish posts on your behalf on our [Community Updates page](#))
 - Suggested topics: why you've joined GetFTR; 6-month review of initial results and customer feedback. See links on slide 3 for examples.
- Social posts announcing partnership using #GetFTR and linking to press release and/or blogs. A set of branded social assets is available [here](#).
